REGULATORY AGENCY APPEARANCES

Numerous analyses, white papers and presentations regarding competitive effect of proposed mergers before antitrust regulatory agencies, including the Department of Justice-Antitrust Division, Federal Trade Commission and European Commission. Analyses have covered a wide range of industries, including basic manufacturing (e.g., paper, mining, oil and gas, food processing and distribution, chemicals), high-tech manufacturing (e.g., aircraft and avionics, surgical and diagnostic equipment, precision optical equipment, computer hardware, software and peripherals) and services (e.g., professional sports, banking, publishing). Have also been retained as an expert on behalf of the Department of Justice.
