PRINCIPAL CONSULTING ENGAGEMENTS

State Indirect Purchaser Class Actions v. Microsoft (2002-2003)

Analyzed pass-through in the computer operating systems market; tested pass-through analysis submitted by plaintiff's expert. Conducted other analysis related to class certification in the operating systems and software market.

First Data – Concord Merger (2003)

Conducted market analyses.

PacifiCorp v. Reliant Energy Services, Inc. et al (2002-2003)

Conducted econometric analysis of forward market prices.

Pitney Bowes v. E-Stamps (2002-2003)

Conducted reasonable royalty analysis.

Endo v. Perdue Pharma (2002)

Estimated price elasticities in an AIDS model; performed econometric tests of various aspects of the model.

In re Vitamins Antitrust Litigation (2000-2002)

Helped to develop Lexecon's damages calculation methodology on behalf of opt-out plaintiffs. Conducted econometric analyses of vitamin prices to estimate damages. Critiqued defense experts' analyses and worked with counsel to depose defense experts.
