EDUCATION

PhD, Economics, VANDERBILT UNIVERSITY, Nashville, TN, 1999
University Fellowship, Scholarship Grant from A.A.S.R.
MA, Economics, VANDERBILT UNIVERSITY, Nashville, TN, 1998
MA, Geography (International Trade Concentration), SUNY, Buffalo, NY, 1993
BA, Sociology, FRANKLIN & MARSHALL COLLEGE, Lancaster, PA, 1989
Dean's List, Alpha Kappa Delta Honor Society

PRESENT POSITIONS

Compass Lexecon (Washington, DC)

Executive Vice President, April 2013 – present
Senior Vice President, April 2011 – April 2013
Vice President, August 2009 – April 2011

Specializing in industrial organization, antitrust, microeconomic analysis, consumer behavior, applied econometrics and statistics, and labor economics.

- Analysis of competition issues in matters before US and other antitrust enforcement agencies and federal and state courts relating to a variety of antitrust topics, such as: merger analysis; market definition (product and geographic); competitive effects analysis; monopolization; monopsony; market foreclosure; conspiracy/price-fixing; exclusive dealing/refusal to deal; and antitrust liability and damages
- Econometric and statistical analysis of retail-level scanner data

- Estimation of demand systems, including own and cross price elasticities of demand, for assessing market definition and competitive effects in the context of a proposed merger
- Estimation of relationships between sales volume, promotion, and other non-price variables to evaluate (among other things) the closeness of competition among the products of the merging parties and others
- Estimation of the relationship between wholesale price changes and retail price changes in the context of a consumer welfare analysis
- Merger simulation, including the Upward Pricing Pressure or “UPP” approach, to predict the competitive effects of a proposed merger using a variety of techniques
- Analysis in business litigation concerning disputes between licensors/licensees and franchisors/franchisees; dealer termination; and profits analysis (e.g., lost profits, disgorgement of profits)
- Analysis of issues surrounding class certification in antitrust and non-antitrust matters
- Estimation of welfare effects, profits, and consumer response/complaint rates in consumer protection-related matters, including ones involving claims of false/misleading advertising
- Estimation of damages in the context of employment disputes, including matters involving allegations of discrimination
- Economic modeling and econometric/statistical analysis
 - Econometric analysis using time-series, cross-section, and panel data; estimation of systems of simultaneous equations and reduced-form models; analysis of survey data and estimation of limited dependent variable models
 - Economic modeling of industry behavior/structure to analyze competition issues
 - Analysis of issues pertaining to survey/experimental design and sampling techniques
- Review of reports, economic models, econometric/statistical techniques, and damages analyses as submitted by experts engaged by other parties

Lindner College of Business, University of Cincinnati

Kautz-Uible Economics Institute Fellow, 2021 – present

Adjunct Professor of Economics, 2019 – present

Instructs graduate-level “Topics in Competition and Regulation” course.

Johns Hopkins University (Washington, DC campus)

Adjunct Professor of Economics, 2004 – present

Instructs graduate-level “Microeconomic Theory and Policy” and “Economics of Industry and Public Policy” (*i.e.*, Industrial Organization) courses.

EXPERT TESTIMONY, SUBMISSIONS, WHITE PAPERS, AND PRESENTATIONS

Co-authored several white papers submitted to the Antitrust Division of the Department of Justice concerning an acquisition in the automotive components industry (2020, 2021).

Conducted economic analyses that were shared with the Federal Trade Commission in the context of several acquisitions involving veterinary hospitals (2019, 2020).

Performed economic analyses that were shared with a U.S. antitrust enforcement agency in its evaluation of the competitive effects of an acquisition involving manufacturers of pool chemicals (2018).

Performed economic analyses that were shared with the Federal Trade Commission in its evaluation of the competitive effects of an acquisition involving distributors of plastic sheet, rod, tube, film and associated products (2016).

An Economic Analysis of Incumbent Tour Operators’ Horizontal and Vertical Conduct (with Sencer Ecer), submitted to the Turkish Competition Authority (2016).

Co-authored a white paper submitted to the Federal Trade Commission regarding an acquisition of a large number of grocery stores in the Midwest (2015).

Economic Analysis of the Effect of the Comcast-TWC Transaction on Voice and Broadband Services in California (with Mark A. Israel and Bryan G.M. Keating), Exhibit D attached to Opening Brief of Joint Applicants, *Joint Application of Comcast Corporation, Time Warner Cable Inc., Time Warner Cable Information Services (California), LLC, and Bright House Networks Information Services (California), LLC for Expedited Approval of the Transfer of Control of Time Warner Cable Information Services (California), LLC (U-6874-C); and the Pro Forma Transfer of Control of Bright House Networks Information Services (California), LLC(U-6955-C), to Comcast Corporation Pursuant to California Public Utilities Code Section 854(a)*, Application No. A. 14-04-013 (2014).

Co-authored a white paper submitted to the Federal Trade Commission concerning competition issues in the context of an acquisition in the automobile parts industry (2013).

Co-authored a white paper submitted to the Federal Trade Commission and participated in a presentation to the FTC regarding a proposed transaction involving payment solutions for unattended transaction systems (2013).

Participated in a presentation to the Federal Trade Commission regarding competition issues related to an acquisition in the automobile parts industry (2012).

Co-authored a white paper submitted to the Federal Trade Commission related to a proposed acquisition in the pharmaceutical industry (2012).

Participated in a presentation to the Federal Trade Commission regarding competition in the marketplace for point-of-care diagnostic products used by veterinarians to treat companion animals (2012).

Testified regarding economic damages at a hearing in a labor matter in state court related to allegations of assault, battery and employment discrimination (2011).

Participated in a presentation to the Federal Trade Commission regarding competition issues concerning a proposed joint venture in the styrenics industry (2011).

Provided an expert declaration, rebuttal declaration, and deposition testimony in a consumer fraud matter in state court involving allegations related to the delivery of bottled water (2010, 2011).

Co-authored a white paper submitted to the Antitrust Division of the Department of Justice related to an investigation of the recruiting policies and practices of a number of high tech firms (2010).

Participated in presentations to the Antitrust Division of the Department of Justice regarding competition issues concerning a proposed transaction in the oilfield service industry (2009, 2010).

Participated in a presentation to the Federal Trade Commission concerning competition issues related to a proposed transaction in the titanium dioxide industry (2009).

Submitted an expert report in a labor matter in federal court involving allegations of employment discrimination (2009).

Co-authored a white paper that was submitted to the Canadian Competition Bureau related to a potential transaction in the flour milling industry (2009).

Participated in a presentation to the Antitrust Division of the Department of Justice regarding competition issues concerning a proposed transaction in the beer industry (2008).

Submitted a damages report using information regarding consumer complaint rates (for mediation purposes) (2008).

Participated in presentations to the Antitrust Division of the Department of Justice regarding competition issues related to a proposed transaction involving two cement, aggregate, and ready-mix concrete companies (2006).

Participated in a presentation to the Federal Trade Commission concerning competition issues related to a proposed transaction involving breath mints and other confectionary products (2005).

Provided an expert report, declaration, and deposition testimony in an antitrust matter in federal court involving the distribution of hair care products (2004).

Co-authored white papers assessing antitrust liability and damages in a pharmaceutical matter being investigated by the Federal Trade Commission (2004).

Co-authored a white paper that was submitted to the German Cartel office related to a potential transaction in the confectionary industry (2004).

Submitted an expert analysis of economic and non-economic losses suffered by a victim of the September 11th attacks (2004).

EXAMPLES OF ADDITIONAL CONSULTING AND LITIGATION PROJECTS

- Analysis of competition issues related to mergers of movie theater chains (2015, 2016).
- Analysis of competition issues related to acquisitions of supermarket chains (2013, 2015).
- Analysis of competition issues in the context of litigation regarding a proposed transaction involving two supermarket chains (2007).
- Analysis of competition issues in the context of litigation involving two manufacturers of hydrofluoric acid (2006).
- Analysis of class certification issues in the context of litigation involving Medicare payments to hospitals (2005).
- Estimation of response rates for a refund program in a matter involving claims of false/misleading advertising (2004).
- Estimation of the welfare consequences of inaccurate credit reporting (2003).
- Estimation of profits in a matter involving claims of false/misleading advertising (2003).

- Analysis of consumer injury in a matter involving claims of false/misleading advertising in the mortgage industry (2001).
- Analysis of the appropriate categorization of up-front payments by manufacturers to retailers in the context of a tax dispute (2000).
- Estimation of the volume of complaints in the context of litigation involving a defective chemical product (1998).
- Analysis of false/misleading advertising claims regarding an over-the-counter analgesic.

Participated in the preparation of *Mergers and Acquisitions*, American Bar Association Section of Antitrust Law, 3rd ed., 2008.

Participated in the preparation of *Issues in Competition Law and Policy*, American Bar Association Section of Antitrust Law, 2008.

“Customer-Focused Geographic Market Definition and Competitive Effects Analysis,” (with Mary T. Coleman and David T. Scheffman), presented at the IBER Business and Teaching Conference, Las Vegas, NV, October 1, 2007.

Participated in the preparation of Comments of the American Bar Association Section of Antitrust Law to the Report of the Advisory Panel on Efficiencies in Canada, 2006.

Participated in the preparation of Comments of the Section of Antitrust Law of the American Bar Association in Response to the Antitrust Modernization Commission’s Request for Public Comment Regarding the Appropriate Role of Efficiencies in Merger Enforcement, 2005.

Participated in the preparation of *2005 Annual Review of Antitrust Law Developments*, American Bar Association Section of Antitrust Law, 2005.

Organizer and co-chair of conference session on “Contemporary Issues in Law, Economics, and Antitrust,” WEA International Conference, Vancouver, BC, July 2, 2004. Discussant at “Contemporary Issues in Law, Economics, and Antitrust” session of the conference.

Organizer and chair of conference session on “Empirical Topics in Antitrust,” WEA International Conference, Denver, CO, July 12, 2003. Discussant at the “Empirical Topics in Antitrust” and “Applied Papers in Education” sessions of the conference.

“Importance of Fixed Cost Savings in Antitrust Efficiency Analyses” (with David T. Painter and Paul S. Anderson), paper presented at Federal Trade Commission Bureau of Economics Roundtable: “Understanding Mergers: Strategy & Planning, Implementation, and Outcomes,” Washington, DC, December 10, 2002.

Organizer and chair of conference session on “Applied Topics in Law and Economics,” WEA International Conference, Seattle, WA, June 30, 2002.

“Geographic Aggregation of Supermarket Scanner Data: Implications for Demand Estimation,” paper presented at the WEA International Conference, San Francisco, CA, July 8, 2001 and the Federal Trade Commission, November 20, 2001.

“Demand Aggregation Bias from Scanner Data: Aggregation over Products and over Stores,” paper presented at the Allied Social Science Associations Conference, Boston, MA, January 7, 2000.

Member, American Economics Association.

Member, American Bar Association and Antitrust Section of the American Bar Association.

Referee to the *Journal of Economics*.

Included in The International Who’s Who of Competition Lawyers & Economists (e.g., listed in *Who’s Who Legal: Consulting Experts 2020*).

TEACHING EXPERIENCE

Lindner College of Business, University of Cincinnati, 2019 to present
Adjunct Professor of Economics

- Instructs graduate-level “Topics in Competition and Regulation” course.

Johns Hopkins University, Washington, DC campus, 2004 to present
Adjunct Professor of Economics

- Instructs graduate-level “Microeconomic Theory and Policy” and “Economics of Industry and Public Policy” courses.

Vanderbilt University, Nashville, TN, 1993-1997
Instructor and Teaching Assistant

- Developed and taught an introductory class in microeconomics to undergraduates.
- Held review sessions for students, met with students during office hours, and graded exams and essays.

Time to Rise, Nashville, TN, 1994-1996

Teacher

- Taught mathematics class for “at-risk” 5th to 8th graders during the summer.
