mstoyadinova@compasslexecon.com

EDUCATION:

May 2010, *M.A. in International Relations and Economics*, Johns Hopkins University
May 2005, *B.A. in Economics & Diplomacy and World Affairs*, Occidental College

PROFESSIONAL EXPERIENCE:

April 2018 – Present, *Senior Vice President*, Compass Lexecon, Washington, DC
April 2014 – March 2018, *Vice President*, Compass Lexecon, Washington, DC
September 2010 – March 2014, *Economist/Sr.Economist* Compass Lexecon, Washington, DC
Provide complex economic analyses and advice to attorneys and clients in regulatory proceedings; manage the work streams of analysts, direct document review and research projects. Co-authored four white papers submitted to antitrust agency on price competition, consumer preferences and competitor entry related to a retail merger.

July 2010 – September 2010, *Consultant*, The World Bank Group, Washington, DC
Assisted with the creation of a database on the structure and functions of Central Finance Agencies in 70+ countries across the world; prepared background research on past World Bank involvement and projects in 10 countries.

February 2007 – July 2008, *Managing Analyst*, Compass Lexecon, Los Angeles, CA
Performed statistical analyses to project industry trends and market competition; completed an AIDS model regression analysis and estimated cross-elasticity and expenditure shifts used by counsel in three separate mergers.

June 2005 – February 2007, *Associate*, LECG, Los Angeles, CA
Performed advanced economic analysis for antitrust, merger and intellectual property litigation cases; casework exposure in pharmaceuticals, advanced fibers, information technology and mining products; conducted research and econometric analysis using SAS, MS Excel and Access to project industry trends and market competition; recreated key variables in opponents' expert model and identified methodological and calculation flaws, which decreased damage estimates.

PROGRAMMING EXPERIENCE:

SAS 9.3 (expert), MS Excel (expert), MS Access and Stata (working knowledge)
