SELECTED COMPETITION POLICY CASES EXPERIENCE

Damages

- Trucks
Conducted economic and econometric analyses as independent expert for a truck manufacturer multinational, in preparation for civil litigation in EU courts. The client acts as a defendant in several large-scale damage actions, following an Article 101 infringement settlement with the European Commission.

Mergers

- HP Inc. & Samsung (Printers)
Contributed to produce empirical evidence about the economic effects of the proposed acquisition of Samsung printer division by HP Inc. The merger was cleared in phase one with no remedies by the European Commission.

Abuse of Dominance

Contributed to market analysis in preparation of a potential complaint to the European Commission related to alleged unfair practices put in place by multinational producers of high-tech devices
