## SELECTED CONSULTING EXPERIENCE

### Antitrust

- Car emissions cartel (2019-2021) - Advised one of the manufacturers in the context of the European Commission's investigation of several car manufacturers in relation to their choice of technology to reduce car emissions.
- Tickets restaurants (2019) - Advised one of the meal voucher issuers during Article 101 TFEU proceedings in front of the French NCA. Information exchange and raising barriers to entry. Examination of economic foundations of the claims.
- Household appliances (2018) - Economic advice and analyses in the context of an Article 101 TFEU investigation by the French competition authority in relation to conducts in the market for household appliances.
- Pharmaceuticals (2017-2021) - Economic analysis relating to an investigation by the CMA of allegations of excessive pricing in the pharmaceutical industry.
- Vertical restraints (2015-2016) - Economic advice in relation to allegations of anticompetitive vertical restraints (in particular resale price maintenance) in the market for a consumer good in France.
- Online hotel booking (2014) - Economic advice in relation to an online platform in the context of an investigation of its contractual relationships.
- Lactalis (2012-2015) - Economic analysis of alleged economic harm in the context of an Article 101 TFEU investigation by the French Competition Authority in relation to practices (price fixing and volume allocation) in the dairy industry in France.
- Unilever (2013-2014) - Economic advice in relation to the allegation of economic harm caused by an information exchange with other manufacturers in the sectors of home care and personal care products in France.

- Umicore (2014-2016) - Economic advice in the context of an allegation of loyalty discounts in the distribution of building materials in France.
- Economic assessment of reports submitted in the context of predatory pricing in the dairy industry in Finland.
- Perindopril - Economic analysis of patent settlements in the pharmaceutical industry in Europe.
- Paroxetine - Competitive assessment of a distribution agreement in the pharmaceutical industry in light of the OFT Paroxetine Investigation.
- Reckitt Benckiser - Economic report in the context of an alleged agreement between Reckitt Benckiser and an exclusive distributor on rebates to be implemented on the French market in the sector of addiction treatment (buprenorphine) when a generic manufacturer launched its product.

#### With the Autorité de la concurrence:

- Economic analysis of the impact of information exchange in the mobile telephony sector.
- Definition of relevant markets and analysis of an allegation of predatory conducts in the distribution of chemical products.
- Economic analysis of an alleged abuse of dominance in the telecommunications industry for the distribution of television services by an Internet provider.
- Empirical analysis of the impact of a collusive agreement in the temporary work market.
- Economic analysis of commitments offered by a dominant producer to auction long-term contracts for the wholesale supply of base-load electricity focusing on the how to prevent margin squeeze effects.
- Assessment of the potential definition of relevant market for online travel agencies.

#### **Mergers**

- Cargotec/Konecranes (2021-2022)  
Economic advice to both parties throughout the Phase II merger control proceedings before the European Commission, the CMA and various other jurisdictions. Assessment of horizontal effects in the markets for container handling equipment. The transaction was cleared by the European Commission conditional on remedies. The CMA however announced it would block the proposed merger, such that the Parties jointly cancelled the planned merger.
- HHI/DSME (2019-2022)  
Economic advice to both parties in the context of the proposed acquisition of Daewoo Shipbuilding & Marine Engineering (DSME) by Hyundai Heavy Industries (HHI), in proceedings before the European Commission (Phase II), and the Chinese, Japanese, South Korean and Singaporean competition authorities. Assessment of unilateral effects (analysis of bidding data, pivotality analysis). The transaction was cleared in China (SAMR) and Singapore (CCCS) but prohibited by the European Commission. The Decision is under appeal at the EU General Court.
- Siemens/Alstom (2019)  
Advised a third party opposing the blocked merger. Economic assessment of competitive effects.
- E.On/Innogy (2019)  
Advised E.ON throughout the Phase II merger control proceedings (asset swap deal between E.ON and RWE in European energy markets) before the European Commission. Analyses of likelihood of unilateral effects and assessment of remedies.
- Thales/Gemalto (2018)  
Advice to the merging parties on Thales' acquisition of Gemalto, at the European Commission and other national jurisdictions. Assessment of horizontal effects in the markets for encryption software and hardware security modules. The transaction was cleared by the European Commission after an in-depth investigation, conditional on remedies.
- Discovery/Scripps (2017-18)  
Advice to Scripps on the transaction between Discovery and Scripps at the European Commission, in particular in relation to the advertising market.

- Safran/Zodiac Aerospace (2017-18)  
Advice to Safran on the transaction between French aerospace equipment suppliers Safran and Zodiac Aerospace, at the European Commission and other jurisdictions. Assessment of horizontal and vertical effects and analysis of market shares. The transaction was cleared by the European Commission in Phase I.
- Hutchison 3G Italy / WIND / JV (2016)  
Advice to the merging parties on the transaction between H3G and WIND in the Italian mobile telecommunications market, at the European Commission. The transaction was cleared after an in-depth investigation, conditional on remedies.
- Metrobus/Decaux (2015)  
Economic advice to a third party during the review of the transaction in the advertising industry by the French competition authority. Analysis of market definition and likely horizontal and conglomerate effects. The proposed transaction was withdrawn.
- TeliaSonera/Telenor (2015)  
Expert reports to third party Hi3G Denmark in relation to the proposed transaction investigated by the European Commission. The proposed transaction was eventually withdrawn.
- Altice/SFR (2014)  
Advice to Altice on the acquisition of SFR by Numericable at the Autorité de la concurrence. Assessment of horizontal, vertical and conglomerate effects. The transaction was cleared after a phase-II investigation, conditional on remedies.
- Acquisition in the energy services industry: Economic report on the potential effects of the proposed transaction, for a third party.
- Omnicom / Publicis (2013-14)  
Advice to the merging parties on this transaction between media groups, at the European Commission and in several other jurisdictions.

#### With the Autorité de la concurrence :

- Economic analysis of the vertical effects of a merger in the pay-tv market.
- Analysis of the competitive effects of the acquisition by a prominent pay-tv operator of two free-to-air television channels.
- Empirical evaluation of the competitive impact of a merger in the spirits industry focusing on private label products.
- Economic analysis of a merger in the free-to-air television sector focusing on the impact on the advertising market.

#### **Litigation**

- Advice to a mobile operator (defendant) in the context of a claim for damages resulting from alleged anticompetitive conducts.
- Advice to several suppliers (defendants) in the context of claims for damages following on the 2014 infringement Decision of the French Competition Authority in the market for home care and personal care products in France.
- Advice to a supplier of carbon and graphite products (defendant) in the context of a claim for damages following on the European Commission's decision in case C.38.359 (Electrical and mechanical carbon and graphite products).

#### **Policy**

- Economic expertise on the revision of the Commission's regulation and guidelines on vertical agreements (with the Autorité de la concurrence).

#### **Reports**

- Report on the European Commission's proposed Digital Markets Acts, "[The proposed DMA – Back to the “form-based” future?](#)" (2021)
- Market review of Barriers to entry, expansion and exit in retail banking (OFT)
- Written submissions for the OECD roundtables on resale price maintenance and on margin squeeze (with the Autorité de la concurrence)
- Economic studies published in the Annual report of the Autorité de la concurrence: Margin squeeze (annual report 2008); Long term contracts and exclusive agreements (annual report 2007)
